Basics and Beyond

This year's OPS Midyear Program offers 8 CEC's each day which may be obtained via lectures or workshops. The program has been created so that students have maximum flexibility to create a curriculum that is most useful to their needs, and at times they may choose between lecture or workshop.

Workshops are conducted on a first come-first served basis at the time of registration. As long as the workshop limits have not been met, students may sign up for a workshop throughout the day up until its start time. In other words, you must attend the entire lecture or workshop, but you may choose to forego a lecture for a workshop any time during the day provided there is available space.

The following workshops will be offered during the Program. Saturday: OCT - a Stratus and Spectral Domain OCT's will be available; B-Scan Methodical Scanning Protocol. Sunday: Fundus Photo/Fluorescein Angiography; Slit Lamp Photography; Anterior Segment OCT; Repeat OCT.

HOTEL INFORMATION

We have negotiated a special rate for OPS Midyear Program Attendees at the Silver Cloud Hotel (Broadway) as well as the Baroness Hotel and the Inn at Virginia Mason. All three offer free WiFi in their rooms. In addition, the Silver Cloud Hotel offers a free shuttle to several downtown locations, laundry facilities, and pool/exercise facilities. The Baroness Hotel is a National Historical Landmark and has a vintage feel with kitchenettes in the Double Queen rooms. Be sure to mention "Ophthalmic Photographers' Society" when making your reservation to receive the special rate. The hotels are willing to extend the discounted rate for three days prior to the program and three days after the program if space is available.

Silver Cloud Hotel

1100 Broadway, Seattle, WA

Room rate: \$139 (King or QQ)

Reservations: 800-590-1801 reservations must be made by April 15, 2011 to obtain this rate.
